## FOR IMMEDIATE RELEASE

# REI OSCOR Blue Spectrum Analyzer Reclassified From ITAR to Department of Commerce

*Cookeville, TN., September 13, 2016*

REI announces that, following a commodity jurisdiction determination issued by the U.S. Department of State – Directorate of Defense Trade Controls (“DDTC”), REI OSCOR Blue Spectrum Analyzer (8 GHz and 24 GHz models) are no longer subject to International Traffic in Arms Regulation (“ITAR”) jurisdiction. Effective immediately, the OSCOR Blue is subject to the Export Administration Regulations (“EAR”) administered by the Department of Commerce – Bureau of Industry and Security (“BIS”) and has been assigned to Export Control Classification Number (“ECCN”) 3A992.A. The OSCOR Blue now has the same export control status as the OSCOR Green spectrum analyzer.

Firmware, PC Data Viewer software updates and OSCOR Blue product information are now available to view and download from REI's website.

### **About Research Electronics International**

REI has been designing and manufacturing technical security equipment to protect against illicit information theft and corporate espionage for more than 30 years. REI is recognized as an industry leader by corporations, law enforcement agencies, and government agencies for technical security equipment.
